Executive Director

1. Our seventh guest speaker for the DCI Seminar is Ted Price, Director of Personnel. Ted's topic will be "The Agency's Secretarial Workforce - Designing a Program from Scratch." Ted will lead a discussion of the challenge we saw, what we decided to do, what progress is being made, and remaining obstacles in the way of an improved career system for our secretaries. I'm sure that most of you by now have developed some strong opinions about the new secretarial program, so come and hear the latest developments--and ask questions about--the Agency's Intelligence Secretarial Career System.

2. Because of a scheduling conflict, this next session of the Seminar will be on Wednesday, 29 July, at 3:00 p.m, in the DCI Conference Room (7D64 Hqs). If you cannot attend, please let us know by calling [Redacted]
